

About the Artist

Thank you for your interest in my photography. It is an honor to be considered to be a part of your special day. These special moments should be captured in a manner that will allow your future enjoyment as you review the event in all its pictorial details.

The Gonsalves Photography goal is to obtain the best photographic images possible in the time you make available without any unnecessary interference in the activities of your day: YOU are the customer!

John is a Certified Professional Photographer and member of both the Professional Photographers of America and Virginia Professional Photographers Associations. A professional photographer since 1971, he has been in business creating images in this area since 1978 and is familiar with many of the local churches, synagogues and reception sites. John specializes in creating photographic images of children, high school seniors and families as well as candid location photography of Bar/Bat Mitzvahs and weddings.

Because he works from his residential studio, John is able to provide both day and evening appointments for your convenience.

The Gonsalves Photography Studio features a wide range of professional albums from ArtLeather and Zookbinders. If you have questions, please feel free to call at any time. I want to ensure that your special day is pleasant in every way.

ALBUMS

For finished albums, choose and design exactly what you want from a wide array of album types and manufacturers (traditional matted individual print styles, library bound matted or full bleed images, or exciting ZookBook custom designed, hand bound, digital composite page styles) from leading manufacturers like Art Leather and Zookbinders. Albums are priced by cover type, material and size, plus the number of pages/inserts and photographic images included. Complete 8x10 inch albums start around \$500 depending on style and size. Individual images included in traditional matted albums are discounted 20 per cent.

PRINTS

All images ordered through the studio are individually edited in PhotoShop, professionally enlarged/cropped for best composition, and include standard retouching as well as a protective coating for a truly finished professional print. Prints are available in all standard and custom professional sizes. Individual digital composite prints are also available. See Price list for details.
